**Presenter:** **Ms. Beata Tang**  
**Head of Assessment Delivery Service and Training Business**  
**British Standards Institution**

### **Abstract**

In this seminar, Beata will share with you the following aspects in regard to International Organization for Standardization (ISO):

- What is ISO? Objective of ISO assessment
- How to prepare for ISO compliance? Does it cost a lot?
- What to expect after ISO certified?
- How to save audit bill?
- Case sharing on some successful case

### **Biography**

Beata has extensive experience in auditing enterprises across various industries, in particular financial institutions, telecom, IT industry and service industries. Beata is also one of the core members of the Business Development Team where she is responsible for product development and promotion of internal standards, as well as conducting public trainings to professionals. Beata is a frequent speaker on information security in various public and in-house seminars.

Beata has another role in British Standards Institute (BSI) as Technical Manager (Governance), focusing on Information Security Management System (ISMS) IT Service Management System (ITSM) and Business Continuity Management.

Prior to this Beata was working in Big 4 international accounting firms as external auditor and an international bank as regional internal auditor.

Beata holds the Certificated Practicing Accountant CPA (Aust.), Certificated Information Systems Auditor (CISA), ISO 27001: 2005 Lead Auditor, ISO 20000: 2005 Lead Auditor (itSMF), IRCA – ISMS (Certified Lead Auditor) Instructor and itSMF ISO 20000 Lead Auditor Instructor.
